Objective

A passionate software developer seeking a role where I can apply my Java programming skills to develop scalable backend systems.

Skills

- Java

Education

Bachelor of Science in Computer Science

XYZ University, 2022

Projects

Library Management System

Developed a desktop application in Java to manage book inventories, lending history, and user authentication for a local library.

Student Grade Calculator

Built a console-based Java program to manage student records and calculate final grades.

Experience

Software Development Intern

Tech Solutions Inc. | Jan 2022 - May 2022

- Assisted in debugging and testing Java applications.
